

# NIG. Here's why....

## How to add a logo using Acrobat Pro PDF writer.

### Step one

Open PDF in **Acrobat Pro Writer**

### Step two

Select **'Edit PDF'** in the side panel.

### Step three

Select **'Add Image'** in the tool bar.

*Alternatively you can add text by selecting the **'Add Text'** function (fonts, weights and colours are available to suit your requirements).*

### Step four

Select the **image** or **logo** you wish to use through your file browser and resize accordingly into the space provided on the front cover.

### Step five

**Save** document.

### Step six

To amend or remove the logo you placed, simply choose the **'Edit PDF'** function, select and delete the logo.

**Place logo or text here**

# NIG. Here's why....

## ...we exist.

We exist to help protect SMEs. So they can better manage the risks they face every day. So they can make the most of opportunities that come calling. So they can get on with the business at hand. So they can succeed.

**Who is NIG?**  
We specialise only in insurance for SMEs. In fact, we've been insuring UK businesses through brokers since 1894. And we've always focused on making sure our products and services meet your needs.

- 100%** based in UK broker SME market
- Large portfolio of products**
- 120 years** of commercial underwriting expertise

**Direct Line Group – stable and able**  
NIG is part of Direct Line Group plc and our policies are underwritten by U K Insurance Limited. This means that, as well as boasting 120 years of commercial insurance expertise, we combine the financial strength and security of an A-rated underwriter with the scale of a FTSE 100 company.

- 10,000+** employees
- FTSE 100 COMPANY**
- 2<sup>nd</sup> largest UK non-life insurer\***

**direct line** **churchill** **privilege** **GreenFlag**

\*Based on combined annual figures of general insurance & liability, health insurance
